Monitoring Special Education Data and Analyzing Disproportionate Trends

This presentation will provide participants with tools and strategies for monitoring data related to student's performance, compliance, and disproportionate trends. Participants will leave with practical strategies, tools and knowledge to improve student outcomes and District performance/compliance.

Presenter Bio: Dr. Jon Eyler

Dr. Jon Eyler is a nationally recognized consultant and speaker on topics of educational psychology and equity. He works with executive leadership to implement cohesive systems of support and lead adaptive change around perception and mindset. Dr. Eyler has worked in public education as a teacher and administrator through various levels of the system— school site, district, and county. In addition to his work as a consultant, he has served as an adjunct professor at the University of Southern California (USC) where he taught courses in Educational Psychology. Today, Jon serves as the CEO for Collaborative Learning Solutions.
