1. When the child is a dependent or ward of the court, if the court specifically limits the right of the parent or guardian to make educational decisions for the child.
2. When no parent of the child can be identified.
3. When the LEA, after reasonable efforts, cannot discover the location of a parent.

When appointing a surrogate parent, the LEA shall, as first preference, select a relative caretaker, foster parent, or court-appointed special advocate if appropriate. If none of these individuals is willing and/or able to act as a surrogate parent, the district shall select the surrogate parent of its choice. Before individuals are appointed as surrogate parents, the Superintendent or designee shall ensure that they have had training through their district or SELPA office, and have demonstrated interest in working with children with disabilities, sensitivity to ethnic and cultural factors, and the ability to work cooperatively with others.

The surrogate parent shall serve as the child's parent and shall have the rights relating to the identification, assessment, instructional planning, educational placement, reviewing and revising the individualized education program (IEP), and in all other matters relating to the provision of a free and appropriate public education for the child. This representation shall include the provision of written consent to the IEP including non-emergency medical services, mental health treatment services, and occupational or physical therapy. The Superintendent or designee shall appoint a surrogate parent to represent a child with disabilities under one or more of the following circumstances: (Government Code 7579.5; 34 CFR 300.515)

1. No parent for the child can be identified.
2. The district, after reasonable efforts, cannot discover the location of a parent or legal guardian of the child.
3. The child is adjudicated a dependent or ward of the court pursuant to Welfare and Institutions Code 300, 601 or 602, and either the court has referred the child for special education and related services or the child has a valid individualized education program (IEP).

A surrogate parent shall not be appointed for a child who is a dependent or ward of the court unless the court specifically limits the rights of the parent/guardian to make educational decisions for the child. In addition, a surrogate parent shall not be appointed for a child who has reached the age of majority unless he/she has been declared incompetent by a court of law. (Government Code 7579.5)

When appointing a surrogate parent, the Superintendent or designee shall give first preference to a relative caretaker, foster parent or court-appointed special advocate, provided any of these individuals exists and is willing to serve. If none of these individuals is willing or able to act as a surrogate parent, the Superintendent or designee shall select the surrogate parent of his/her choice. If the child is moved from the home of the relative caretaker or foster parent who was appointed as a surrogate parent, the Superintendent or designee shall appoint another surrogate parent. (Government Code 7579.5)

As far as practical, a surrogate parent should be culturally sensitive to his/her assigned child. (Government Code 7579.5)

Federal and state law, 34 CFR 300.515 and Government Code 7579.5, provide that the surrogate parent cannot be an employee of any public or private agency that is involved in the child's education or care. However, pursuant to 34 CFR 300.515, an employee of a nonpublic agency that only provides non-educational care for the child and who meets the standards specified below may be selected. Persons serving as surrogate parents may include, but are not limited to, foster care providers, retired teachers, social workers, and probation officers, provided that such persons are not involved in the child's education or care and do not have a conflict of interest in representing the child. In the Analysis of Comments to the Federal Regulations, FR 12616, (34 CFR 300.al), the USDE states that a conflict of interest may arise because an educational decision has an impact on which agency will be responsible for paying for services for the child.

Surrogate parents shall have no vested interests that conflict with the child's educational interests and shall have knowledge and skills that ensure adequate representation of the child. If a conflict of interest arises after the appointment of a surrogate parent, the Superintendent or designee shall terminate the appointment and appoint another surrogate parent.
