Southern California Special Education Administrators

Specific Learning Disability and Learning Recovery

Attendees of this workshop will gain knowledge regarding eligibility for a specific learning disability (SLD) using both discrepancy and patterns of strength and weakness models. Attendees will also develop their skills in determining how learning recovery impacts SLD eligibility determination.

Presented by:

Dr. Charity Plaxton-Hennings

Dr. Charity Plaxton Hennings currently serves as Senior Director of Special Education for Desert Sands Unified School District. She has previously held roles as Director of Mental Health and Psychological Services, Director of Inclusion and Program Development, SELPA Coordinator and School Psychologists. She has served as an editor for several academic journals and currently serves in this role for the Journal of Contemporary School Psychology. Dr. Hennings has previously worked in higher education as an Associate Professor at Azusa Pacific University and has served as an adjunct professor for several colleges and universities. Historically, she has had private practice specializing in neuropsychology, training and consultation. She holds a Doctorate in Clinical Psychology, a Master's degree in Public Health, a Master's degree in Psychology (Loma Linda), and a bachelor's degree in Speech Communication and Psychology (Point Loma Nazarene University). She also completed a Postdoctoral Fellow in Pediatric Neuropsychology
