Empowering Readers: Best Practices in Dyslexia Assessment, Intervention, and Instruction

Join us for an immersive training session designed to deepen your understanding of dyslexia and enhance your ability to support affected individuals. This comprehensive workshop will cover the fundamentals of dyslexia, including recognizing its signs, conducting thorough assessments, and implementing effective interventions and reading instruction. Participants will engage in a dyslexia simulation to experience the challenges firsthand, explore the impact on brain functions, and gain insights into how dyslexia affects English learners. Equip yourself with the tools and knowledge needed to make a meaningful difference in the lives of those with dyslexia.

Presenter Biography: Dr. Karina Quezada

Dr. Quezada is a licensed bilingual educational psychologist serving students and families in Southern California. Her expertise includes psychoeducational evaluations of students with dyslexia and appropriate evaluations for language minority students. Dr. Quezada provides professional development to school administrators and educators on topics related to dyslexia, reading acquisition, disability awareness, EL issues, special education law, and conflict resolution practices in special education. She has presented at the state and national level on topics addressing the academic gap for minority and special education students. In addition, Dr. Quezada is an adjunct faculty member teaching graduate level courses and impacting the next generation of school psychologists and school counselors. Dr. Quezada earned a doctorate in educational psychology, and she holds two masters in school psychology and educational counseling.
